

NORTH SPRINGFIELD CIVIC ASSOCIATION NEWSLETTER

Potential Traffic Nightmare

June 4th – 7:30 pm – North Springfield Elementary School

There will be a special meeting on the new beltway hot lanes and their impact on our community; lane closures on Braddock Road between Ravensworth and Queensbury, replacement of the sound walls, and the potential for traffic increases through our neighborhood. Construction will begin later this year.

North Springfield Notes

Patricia Barnes

Thanks to Alfred Steadley, Fred Feber and another gentleman whose name I didn't get for helping collect items with their pick up trucks on clean-up day. You all really made a difference to our residents who needed extra help.

Thanks to Fanny Kwan and Denise Brandenburg for their help coordinating the free Treasures items and for collecting membership dues. Quite a few residents found some great treasure.

AAA Trash and Recycling has offered North Springfield residents their service at \$25.50 per month; \$23 per month for seniors. These costs are effective July 1. You must call AAA customer service after July 1 at (703) 818-8222, and tell them you are a NS resident in order to get these rates.

The Civic Association does not endorse any particular trash service. American Waste Disposal and other companies serve our community and have competitive prices. Residents are free to shop around and select the trash pick up service that best meets their needs.
